

Homework Submission Policy

- submission File:

Main program (i.e. .c .cpp .py) (should auto input/output the .txt.)

Report: (1) the method you use.

(2) environment or compiler version of your program.

Please hand in your main program and report in STUDENT_ID folder as STUDENT_ID.zip to e3 platform. (example: 0656602.zip)

- Late submission:

- within 2 hours after its due you should send your HW to TAs by emails
- after 2 hours and within seven days of its due will incur 20% penalty
- after seven days of its due will not be graded

- Cheating policies

- 0 points for any cheating on assignments
- Allowing another student to examine your code is also considered as cheating

- Note: One minute late is the same as 23 hours late.

- If you have any questions, you can email TAs or come to EC126 after email
